

6.4 Treatments (25 minutes)

Think of moments you had to use alternative tests, investigations or treatments because of constrained resources.

Pick *one* gold standard for:

- lab tests
- diagnostic investigations or treatment for pre-eclampsia or eclampsia
- and alternative(s)

you had to use because of constrained resources.

Evaluate the pro's and con's of this investigation or treatment. Is there any academic literature available in which this investigation or treatment is evaluated?
